DIRECTORS' REPORT AND MANAGEMENT DISCUSSION & ANALYSIS

To

The Members

Your Directors present the 44th Annual Report together with the Audited Accounts of the Company for the year ended 31st March, 2017.

FINANCIAL RESULTS

The following are the financial highlights:- (Rupees in Crores)

DESCRIPTION	2016-17	2015-16
Sales Turnover (Net of Excise Duty and Trade Discount)	132.55	156.54
Gross Loss after meeting all expenses but before providing depreciation and interest	30.39	15.06
Add: Interest	1.70	5.13
Cash Loss	32.09	20.19
Add: Depreciation for the year	2.42	2.12
Extraordinary Items	--	55.95
Net Profit / (Loss) for the year	(34.51)	33.64
Accumulated Loss	197.31	162.69
EPS & Diluted EPS	(24.16)	21.90

During the Financial Year, since November 2016, the Plant operated only with raw material CO₂ gas from the captive CO₂ Plant without any supplies from SPIC. Even though the Plants operated continuously, the capacity utilisation was low due to the teething problems in the CO₂ Plant, which are being attended. Even during the period till November,

when CO₂ gas was received from SPIC, the capacity utilisation was low due to restricted availability of the raw material. SPIC restarted their Plant only by May 2016 and hence about 45 days of production was lost at the beginning of the year and in January 2017, when water supply was discontinued suddenly by TWAD, the Plants were shutdown for 9 days till the time alternate supplies were arranged. Thus totally, including the maintenance stoppages, production was lost for 73 days. Because of the high cost of purchased water from Private Sources, increasing coal prices and decreasing realization on the Ammonium Chloride sales, the loss for the last quarter was high and for the year it was Rs.34.51 crores. The production and sales were lower compared to last year. During the year 45,463 MT of total Soda Ash and 40,795 MT of Ammonium Chloride were produced.

PRODUCTION AND SALES

The details of production and sales of the finished products for the financial year are as under: (In Tonnes)

Product	Production		Sales	
	2016-17	2015-16	2016-17	2015-16
Soda Ash (Light)	44,395	49,275	46,018	51,471
Soda Ash (Dense)	1,047	1,940	1,235	1,697
Ammonium Chloride (Fertilizer)	40,795	45,630	41,613	38,325
Sodium Bicarbonate	565	1,518	576	1,491

DIVIDEND

Your Directors were not able to recommend any dividend in view of the accumulated losses.

MARKET SCENARIO

Even though there was a down trend in the international market price, your Company maintained the price line in view of the lower quantum of product to be sold. The support from the larger consumers was helpful. The prices are expected to improve in the coming Financial Year.

The prices of Ammonium Chloride dramatically scaled down due to decreasing international Ammonia price. China could offer their product at a price which is only 60% of what prevailed in the last financial year. It impacted Company's capability to export and at the same time the local price had to be readjusted in line with the international price to maintain the indigenous sales. The revenue from exports also went down due to this large drop in selling price.

FUTURE OUTLOOK

The sales in the southern states of India are improving. Your Company can market the entire production when production is improved. Currently, the new entrants and imports can be curtailed for all the grades of product that the Company produces and markets. Hence the outlook is good for improving the sales.

OPPORTUNITIES AND THREATS

Since the markets of southern and eastern states of India are met only by imports or from expensive local modes of transport from western India, it is possible for the Company to increase its presence in these states when production improves.

The principal threat has long been the single source availability of CO₂ from SPIC. With the commissioning of the captive CO₂ Plant, the perception of threat has come down. Once the technology is perfected, attempt can be made to increase the CO₂ production and the Soda Ash Production. This will position the Company better. The Ammonia import facility of Green Star now consists of a single tank and construction of the second tank which is likely to begin soon will further improve the situation.

ENVIRONMENT AND SAFETY

The periodic audits as required under ISO 9001 have been carried out.

WIND MILL

During the year 0.67 lakh units were generated from Wind Turbine Power Generators at Gudimangalam, Tirupur District, as against 2.28 lakh units generated in the previous year.

POWER PURCHASE

Your Company is drawing power under Group Captive Scheme from private power producer. Necessary investments were made based on the approval granted by you during the last AGM. The power is drawn from the month of October 2016.

CAPTIVE SALT WORKS

During the financial year, 15,150 MT of salt could be produced, bettering the 7,458 MT produced last year. We expect to do well in the ensuing year due to the early production achieved and also due to change of the pumps and repair of the salt pans wherever necessary.

BIFR

The Company filed the Draft Rehabilitation Scheme in August 2015. However, further hearings at BIFR did not take place. Your Company has resubmitted an updated DRS with the annual accounts for the year 2015-16 in May 2016. IDBI (Operating Agency), after appraisal and plant visit, forwarded it to BIFR for their consideration. However, before BIFR could take it up for discussions, Sick Industrial Companies (Special Provisions) Act, 1985 was repealed and reference to National Company Law Tribunal (NCLT) is needed with effect from 1.12.2016. Your Company has now petitioned to both NCLT & SEBI for direction to carry forward the recommendations of OA / BIFR., as application under the Insolvency Act cannot be made.

FIXED DEPOSIT

There was no outstanding deposit as at 31st March, 2017. The Company has neither accepted nor renewed any deposits during the year under review.

TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCATION AND PROTECTION FUND

Since there was no unpaid/unclaimed Dividend declared and paid last year, the provisions of Section 125 of the Companies Act, 2013 do not apply.

MATERIAL CHANGES AND COMMITMENT IF ANY AFFECTING THE FINANCIAL POSITION OF THE COMPANY OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR TO WHICH THIS FINANCIAL STATEMENT RELATES AND THE DATE OF THE REPORT

No material changes and commitments affecting the financial position of the Company occurred between the end of the financial year to which this financial statement relates on the date of this report.

STATEMENT CONCERNING DEVELOPMENT AND IMPLEMENTATION OF RISK MANAGEMENT POLICY OF THE COMPANY

The Statement was showing the details regarding the development and implementation of Risk Management Policy of the Company is furnished in Annexure 1 and attached to this report. The risk management includes identifying types of risks and its assessment, risk handling and monitoring and reporting.

Your Company is dependent primarily on SPIC for the supply of CO₂ and for receiving the imported Ammonia through their storage system. Your Company has now implemented an independent CO₂ Recovery facility which is operational from November 2016. This has reduced the risk considerably. The Board does not envisage any other major

risks.

Annexure 2 to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s TUTICORIN ALKALI CHEMICALS AND FERTILIZERS LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance 168 Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material

misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition,

use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
