Independent Auditor's Review Report on unaudited quarterly financial results of the Company pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

**The Board of Directors
Tuticorin Alkali Chemicals and Fertilizers Limited**

1. We have reviewed the accompanying statement of unaudited financial results of Tuticorin Alkali Chemicals and Fertilizers Limited ('the Company') for the quarter ended June 30, 2021 ('the Statement') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ('the Regulation').
2. This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 'Interim Financial Reporting', prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether financial results are free of material misstatements. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of the Regulation including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We draw attention to the following notes to the financial results:
 - a) Note 2, which states that the Company has incurred a net loss of Rs.1,702.58 lakhs for the quarter ended June 30, 2021 and, as of that date, the company has accumulated losses amounting Rs. 40,211.54 lakhs which has fully eroded the net worth of the Company. Further, the company's current liabilities exceeded its Current assets by Rs.27,291.93 lakhs. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as going concern. However as stated in the said note, having regard to increase in projected utilization of production capacity of the Company on planned refurbishing/replacing identified old machineries and financial support from its promoters and group companies, the financial results of the company have been prepared on a going concern basis.

- b) Note 3 to the unaudited financial results which states that the management has made an assessment of the impact of COVID-19 on the Company's operations, financial performance and position as at and for the period ended June 30, 2021 and has concluded that there is no impact which is required to be recognized in the financial results. Accordingly, no adjustments have been made to the financial results.

Our conclusion is not modified in respect of these matters.

	Weighted average number of shares used in computing earnings per equity share	121,835,830	121,835,830	121,835,830	121,835,830

Notes :

1 The above results were reviewed by the Audit committee and approved by the Board of Directors at their respective meetings, held on July 23, 2021 and has been subjected to limited review by the Statutory auditors of the Company. The unaudited financial results are prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013.

2 The Company incurred a net loss of Rs. 1,702.58 Lakhs for the quarter ended June 30, 2021 and, as of that date, the Company has accumulated losses amounting Rs. 40,211.54 Lakhs which has fully eroded the Company's net worth. Further, the company's current liabilities exceeded its current assets by Rs. 27,291.93 lakhs.

These circumstances indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Management of the company is taking steps to improve the production capacity by incurring additional capital expenditure for refurbishing/replacing identified old machineries. Also, the Management of the Company have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that, taking account of reasonably possible downsides, the Company will have sufficient funds, through its facilities and funding from its promoters and group companies to meet its liabilities as they fall due for that period.

Based on this continuing support the directors believe that it remains appropriate to prepare the financial statements on a going concern basis. Management believes that the company will continue realising its assets and discharging its liabilities in the normal course of business during the foreseeable future. Accordingly, the financial results do not include any adjustments to carrying value of assets and liabilities.

3 The COVID-19 outbreak has developed rapidly in India and across the globe. Measures taken by the Government to contain the virus, like lockdowns, travel bans and other measures, have affected economic activity and has caused disruption to regular business operations of the company in the form of fractured supply lines and demand decline. Though the COVID 19 related uncertainties persist, since the company's products are used for manufacture of essential commodities, the production was carried out by the Company by adhering to strict safety measures and Government guidelines. The Company has used the principle of prudence in applying judgements, estimates and assumptions including sensitivity analysis and has concluded that there is no impact of COVID 19 on the recoverability of carrying values of assets. Accordingly, no adjustments have been made to the financial statements.

The Company continues to monitor the situation and take appropriate action, as considered necessary in due compliance with the applicable regulations. Thus, the impact of COVID-19 on the Company's financial statements if any, may differ from that estimated as at the date of approval of these financial statements.

4 For the quarter and year ended March 31, 2021. Changes in inventories of finished goods and work-in-progress includes difference in work-in-progress and finished goods for a value of Rs. 937.91 Lakhs on Physical verification that have been charged off.

5 During the quarter, the Company's Plant was in operation for 50 days as against 66 days in the previous quarter and 58 days in the corresponding previous quarter.

6 Figures for the quarter ended March 31, 2021 is the balancing figure between the audited figures in respect of the full financial year ended March 31, 2021 and the published year to date figures for nine months ended December 31, 2020.

7 The Figures for the previous period have been regrouped/reclassified, wherever necessary, to conform to the current period's presentation.
