ANNEXURE

Capacity Expansion for Soda Ash & Ammonium Chloride

Sl. No	Particulars	Soda Ash	Ammonium Chloride
1.	Existing capacity	100000 MTPA	85000 MTPA
2.	Existing capacity Utilisation	75%	75%
3.	Proposed Capacity Addition	125000 MTPA	125000 MTPA
4.	Period within which the proposed capacity is to be added	September 2025	September 2025
5.	Investment Required	Approx. 300 crores	
6.	Mode of financing	Borrowing and Internal accruals partially	
7.	Rationale	The Soda Ash & Ammonium chloride are produced by Dual Process hence capacity is expanded for both the products. The company will be benefited from the capacity expansion on account of higher market demand for the low carbon foot print products and locational advantage with respect market demand of our products in Southern states. We also have nearness to market & easy availability of raw materials along with own capturing of Co ₂ which gives advantage to the company.
